What a miraculous record for Shing Fung, a 14-year-old, gaining admission to the University of Oxford, UK!

本校承豐創造奇蹟，以十四歲之齡考入英國牛津大學！

Here is the true story:

We are thrilled to announce that Chan Shing Fung has recently received a confirmed offer from the University of Oxford in the UK for a four-year mathematics degree program (2023/2024). This is a remarkable achievement for a student who is only 14 years old, and it is a testament to his exceptional talent and hard work.

By Secondary 4, we recommended him to sit for the International Advanced Level (IAL), and he obtained three A*s in Mathematics, Further Mathematics, and Physics. This is an incredible achievement, considering that students of his age at 14 are mostly studying in Secondary 3.

Shing Fung is a success story of our school's assessment for gifted students for year level skipping. His talents were identified early on when he was in Primary 2 and 3. And by Primary 5 (10 years old) we recommended him to study at the Hong Kong University of Science and Technology (HKUST) for a dual program. This program is usually reserved for gifted secondary students, but we recognized Shing Fung's exceptional talents in mathematics and science and wanted to provide him with the best possible education.

To ensure that Shing Fung's developmental needs were met, we recommended him to skip Primary 6 and move directly to Secondary 1. In Secondary 1, Shing Fung was allowed to study Secondary 4 Mathematics, Mathematics extended part M2 (algebra and calculus), Physics and Chemistry. By Secondary 3 at the age of 13, he had already completed the HKDSE Mathematics, M2 and Physics curriculum, along with the mathematics dual program in HKUST. He also learned very advanced mathematics at the university, earning a distinction in the process.

This is evidence that our commitment to identifying and nurturing gifted students, combined with our rigorous academic curriculum and passionate teachers, has helped Shing Fung reach his full potential.

這是一個真人真事：

我們很高興地宣佈，本校學生陳承豐近日已獲得英國牛津大學2023/2024年度四年制數學學位課程確認錄取通知。這對一位只有14歲的學生來說，是一項非常了不起的成就，也證明了他的非凡才能和努力。

在中四時，我們建議他參加國際高級水平考試（IAL），他在數學、進階數學和物理三科中均考獲A*。這是一項令人難以置信的成就，試想想一般14歲的學生大多數只是在讀中三。

承豐是本校針對資優學生進行跳級評估的成功例子。他的才能在小學二、三年級時已被發現。到了小學五年級（10歲），我們推薦他參加香港科技大學的雙修課程。這個課程本是為資優的中學生而設的，但我們了解到承豐在數學和科學方面的非凡才能，所以希望為他提供最好的教育。

為確保能滿足承豐的發展需求，我們建議他跳過小學六年級，直接升讀中一。在中一時，承豐同時學習中四的數學、數學延伸部分M2（代數和微積分）、物理和化學。在他13歲就讀中三時，他已經完成了香港中學文憑考試的數學、M2和物理課程，還在大學學習了高級數學課程，並獲得優異的成績。

上述成功事例證明了本校識別和培養資優學生的能力，加上本校嚴謹的學術課程和充滿教學熱誠的教師，能幫助承豐充分地發揮自己的潛力。

Message from Ms Nancy Lee Principal

I am delighted to announce that academically we stay strong as a BAND ONE school because:

(a) we have continued to achieve outstanding results in the HKDSE over the past years. In the HKDSE 2023, 92.95% of our S.6 students reached the basic requirements for admission to local universities; our core subjects' passing rates are: English 100%, Chinese 91.1%, Mathematics 100% and Liberal Studies 100%. A total of 15 subjects scored 100% passing rate; GCSE Chinese Grade A 100%; and GCE Chinese Grade A 100%.

(b) each year more than 30% of our S.6 students gained admission to the University of Hong Kong alone while a high percentage of the other S.6 students were admitted to other local universities and overseas universities

We have continued as one of the top schools in extracurricular activities:

(a) English verse-speaking at the Hong Kong English Speech Festival (as a school winning the largest number of championships);

(b) Dance performance at the Schools Dance Festival;

(c) Athletics at the Inter-school Athletics Competition, being one of the top 12 Boys Teams competing in Division One and the top Girls Team in number one position in Division Two; and

(d) English drama at the Hong Kong School Drama Festival.

My heartfelt thanks to all the staff for their hard work and dedication during the pandemic year.

Our school believes that students learn best when they are actively engaged in the learning process, rather than passively receiving information. At the same time, having character traits such as resilience, optimism, and well-being are essential for our students to develop a positive outlook in life.

Hence, I am pleased to inform you that our coming 5-year School Development plan shows vision for the future of education at our school. Our two major concerns for the next 5 years will be 'Nurturing Active Learners' and 'Strengthening Positive Education'.

Technology has the potential to revolutionize teaching and learning. Artificial intelligence is one of the resources that allows us to learn actively, think deeply and work creatively. It can also help students to develop a sense of intellectual curiosity and prepare them for success in a rapidly changing world.

In addition, I am delighted that we have returned to a normal mode of learning. This year, we are excited to offer eight study tours for Stage 2 and Stage 3 students. We believe that travelling brings about far greater benefits than learning merely from books. I have to thank the teachers who have planned these trips to provide unique opportunities for students to explore new places, experience different cultures, and develop a range of skills that will help them in the future.

We will never forget our mission to provide the best possible education for our students. May God bless you and keep you in faith, hope and love always!

Inter-school Athletics Competition 2022-2023

The Inter-school Athletics Competition 2022-2023 was successfully held on 2 March 2023 (Division Two) and 3 March 2023 (Division One) respectively at Wan Chai Sports Ground, with us getting great results with many students outperforming themselves.

For the Girls Team, we got 24 medals in total with 8 Champions, 7 1st Runner-ups, 3 2nd Runner-ups and 6 fourth places. S4C Jia Wai Yin Tiffany won the Champion in Girls A Grade Long Jump with the result of 5.78m and broke the record. She also participated in the 4th Asian U-18 Athletics Champions 2022 in Kuwait and her best jump of 5.81m was awarded the bronze medal for Hong Kong.

As a team, we were the overall Champion out of 24 schools in Division Two with Girls A Grade and B Grade team Champion and Girls C Grade team 1st Runner-up.

For the Boys Team, S5A Law Man Ho Marco won the 3rd place in Boys A Grade Discus and S4A Mok Nai Tin Victor won the 4th place in Boys B Grade 100m. We will still be competing in Division One next year .

With the school's support, we believe the athletes and students could build up the sense of belongings and be proud of being St. Margaret's students.

第二及第一組別的2022-2023校際田徑比賽分別於二零二三年三月二日及三月三日在灣仔運動場完美落幕。憑著各隊員的努力和拼勁，本校運動員取得了驕人的成績。

我校女子組在第二組別賽事中共取得24面獎牌（8金7銀3銅牌及6面殿軍）。S4C的賈慧妍更於首日賽事的女子甲組跳遠刷新紀錄，以5米78的成績打破於2014-15學年賽事中做出的舊紀錄。把港九學界紀錄推前0.15米。她還參加了2022年在科威特舉行的第四屆亞洲U-18田徑錦標賽，跳出了最佳成績5.81米，為香港奪得了銅牌。

團體方面，女子甲組及乙組取得團體冠軍，更帶領我們獲得全場女子總冠軍。

男子組方面，在這個最高水平的學界田徑賽事，S4A的莫乃天於男子乙組一百米賽事中取得殿軍，而S5A的羅民皓亦於男子甲組鐵餅項目中取得季軍。

有了學校的全體師生支持， 我們相信運動員及學生們都能建立對我校的歸屬感和自豪感。

Inter-school Cross Country Competition 2022-2023

On 7th November, 2022, our Girls' and Boys' Cross Country Team competed in the Inter-school Cross Country Competition (Division 1) – the highest standard of Inter-school Cross Country Competition in Hong Kong held at the Hong Kong Golf Club. This was the first time that both the boys' and girls' team participating in Division One after three years of suspension due to the pandemic.

Thanks to the efforts of our school's Cross Country team members, we achieved great results in the competition. For the Girls' Team, S1G1 Tsang Hayley got the 3rd place in Girls C Grade. S3B Lo Tsz Ching got the 9th place in Girls B Grade and S5C Kwong Tsz Yu got the 6th place in Girls A Grade. Our Girls Team was in overall 5th place out of 12 schools in Division One.

For the Boys' Team, some of the members were not able to join the competition due to mandatory quarantines and the suspension of classes just few days before the competition. Thankfully, our school still had a full team to participate in the competition. Although some members encountered some difficulties and injuries in the competition, all of them completed the race.

Students have prepared for this competition for almost 3 months training regularly after school in the morning, before school and also trial training in Tai Hang Tung Recreation Ground. The results proved their dedication and effort.

本校男女子越野隊於2022年11月7日參加於香港哥爾夫球會舉行的校際越野比賽第一組別。經歷了因疫情而停賽的三年，這次比賽是我校男女子越野隊第一次一起於中學校際越野比賽第一組別中參賽。

女子越野隊在十二所學校中總團體成績排名為第五名，當中S1G1曾熹兒在女子丙組取得了個人第三名，S3B 盧祉澄在女子乙組取得了個人第九名，S5C鄺芷羽在女子甲組取得了個人第六名，成績令人鼓舞。

而男子越野隊在比賽前則遇到了各種困難，部份隊員因為疫情需要停課而未能參賽，但最終能以足夠人數順利參賽。儘管部分隊員在過程中意外受傷，但憑著他們不屈不撓的努力，最後全隊都順利完成了所有組別的賽事。

為了預備這次比賽，學生花了近三個月的時間進行不同的訓練項目，終於不負眾望，以優異成績完成賽事，他們的付出和努力實在值得鼓勵和欣賞。

Last year's S6 girls Magenta Tan and Chan Ngo Suet are flying high at the University of Hong Kong, winning the HKU Foundation Entrance Scholarship for Future Leaders 2022-2023

Principal Lee was invited by the University to attend the prize-giving ceremony on 6 March 2023. What a treasurable moment!

Both Magenta and Ngo Suet were doing exceedingly well in their first year of university studies. Magenta is studying Psychology and Ngo Suet is studying Bachelor of Arts and Sciences.

Because of our students' brilliant academic performance, the name St. Margaret's Co-ed is growing in popularity at top universities.

It may sound cliché, but it's definitely true! University is a brand-new world. A little break (as I was told), and a sigh of relief, were all I was looking for after completing the HKDSE examination — but the truth promptly revealed itself. As my freshman year comes to an end in the blink of an eye, I could extrapolate some facts from the sea of myths I had in mind. There is definitely less academic stress compared to senior secondary, owing to the new freedom to plan my semester. Such flexibility in time management has, for better or for worse (I'm not very sure!), allowed me to venture into the newfound universe of extracurriculars — alongside meeting new people from diverse backgrounds, forges a cheerful farewell to the self I have always accustomed to.

Hi! My name is Magenta, like the colour. I am currently majoring in psychology at the University of Hong Kong. So far, my time here at HKU has been amazing, when it is not finals week. I was introduced to a whole new and exciting environment, joined some clubs, and took up new classes. For sure, there were a lot of frustrating times where the assignment deadlines and exams got better of me. Having said that, I would still go through it all again.

"Whether you think you can, or you think you can't - you're right", self-limiting beliefs kill more dreams than the lack of ability - everything you need to succeed is inside of you already, just waiting to be unleashed.

Remember what makes you excel is not only your determination for success but it is putting in the work every day that will give you the edge.

Always prepare earlier than you think you have to. Be it knowledge or soft skills, you will never know when they will come in handy or give you an extra opportunity. It's rare to see the effects of your preparation quickly, but know that success is when preparation meets opportunity! I'm constantly stepping out of my comfort zone at university. What I've learnt at St. Margaret's geared me up for it, and I have full faith that what I am learning now will help me reach new heights.

What you desire will demand your efforts. When things get tough, have the end in mind, but focus only on the smallest steps in front of you. Do the one thing that makes today better. Define yourself with patience and resilience during hard times, and when you do achieve great things, celebrate! Stay humble, stay hungry!

"I failed almost every Chemistry test when I was in Secondary 4"

I'm sure that's a statement you would never expect to hear from a first year medical student. Sadly, I wish it wasn't true myself.

Unlike some of my classmates, I wasn't the usual top scorer. I was more interested in chess and collecting cards than revising for exams. However, I came to realise that only self-discipline and deferred gratification will get you far in life. My routine and goals changed drastically, and the rest was all history.

Remember, it's never too late to start working hard and to study diligently. The sacrifices you make at present will pave the way to a brighter future than you could have ever imagined.

"In fact, it may be necessary to encounter the defeats so you can know who you are, what you can rise from, how you can still come out of it. " — Maya Angelou

As we grow, we will only continue to realise how small our obstacles used to be — and how bigger ones loom dauntingly in front of us.

However difficult, everything passes — so have fun climbing these mountains! Find opportunities to learn; find time to work, rest, and play hard. In the end, what follows you along to the future are not just your grades but also the precious memories you've made along the way. The hardships we overcame will eventually become little badges of honour — ones we place proudly in our lifelong collection.

With all said, put in your best efforts, and the holidays will arrive after the hardships — with a certainty like the summer heat glaring down on Hong Kong each year. Do look forward to your well-deserved break!

My journey at the University of Manchester has been very fulfilling and exciting so far. I got to meet people from around the world and play sports that I have always wanted to try. I busied myself with studies and societies during term time and travel around the UK during breaks. Unlike secondary school, university comes with a lot more freedom and responsibilities. Time management and self-discipline are crucial. Luckily, St. Margaret's has taught me a lot about both.

To my fellow schoolmates: don't be afraid to step out of your comfort zone. Exams are important, but so is having fun. Try something new, be it sports, music or arts. St. Margaret's provides us with so many different opportunities. Don't miss out on it. Dedicate yourself to something you are interested in. It might seem daunting at first, having to balance multiple responsibilities at the same time but trust me, it's worth it.

Hey fellow students! Back when I was studying at St. Margaret's, I made some good friends, studied hard, participated in extra-curriculars and am now blessed with a lot of fond memories. Studying amid the pandemic, you surely are facing different obstacles which may be insurmountable. But bear in mind that you can and you will overcome! Learn to appreciate, practice gratitude and harness a positive mindset even when all seems grey. Stress less and focus on the present. Everything is in God's plan and He will provide for you. When you look back at what you did a year, 5 years, or a decade later, you will see meaning and clarity to the past.

My Study Strategies For You: 1. Seek help from your teachers whenever you do not understand a concept or want to have your paper/exercise marked. 2. Spend 20% of your study time to pre-read the lesson materials before class. 3. Focus on what you don't understand instead of reviewing materials that you are already familiar with.

My Tips On Motivation For You: 1. Write motivating slogans on your sticky notes and stick them on your walls at home.

It's been a tough transition from being in the comfort of friends in SMCESPS to meeting new people and socialising. I'm sure you're all used to people saying that university is a new chapter in life, but experiencing it first-hand has led me to understand that it's only a new story if you put in the effort to make it happen. This new beginning has come with ups and downs, but it's definitely worth the hard work it took to get here. I'm glad to have had friends and teachers by my side supporting me these past few years.

Please do cherish the remaining years left of your secondary school life, as you won't know how much you miss it until it's over. Studying is important but all the fun times I had with friends are priceless memories that'll definitely have a place in my heart forever. All the best for your DSEs and am looking forward to seeing the future HKUers around the campus soon!

Looking back on my time in secondary school, I can confidently say that it was a wild ride filled with countless memories and life-changing experiences.

The teachers in secondary school were nothing short of superheroes. They were always there to lend a helping hand and went above and beyond to make sure that we understood the material for our DSEs. But they were more than just teachers; they were our cheerleaders, our mentors, and our friends.

And let's not forget about the friendships. The bonds I formed with my classmates were unbreakable. We laughed, we cried, and we made memories that will last a lifetime. They helped shape me into the person I am today, and for that, I will be forever grateful.

Now, as I complete my first year in university, I am reminded of the valuable lessons and experiences I gained during my time in secondary school. The education, guidance, and friendships have continued to play a significant role in my life, and I am grateful for the foundation they provided me as I navigate this new chapter.

It's hard to believe how quickly time has passed. Exactly one year ago, I was anxiously preparing for my DSE exams, and yet here I am now, sharing my experiences as a graduate. The journey from being a student to becoming an alumnus has been incredibly rewarding and transformative.

Looking back on my experience as a student, I vividly recall the challenges and pressure I had while preparing for my DSE exams. The endless homework and dreadful exams all added to the academic stress. It was undoubtedly a stressful time that required immense dedication. Yet, I was able to navigate through the DSE journey, thanks to the unwavering support and guidance of my teachers and peers. They had been incredibly supportive and inspiring, and their invaluable advice shaped me into the person I am today. I am truly grateful for the support and the fond memories they have given me.

As you journey through your secondary school experience, you will inevitably encounter various barriers and obstacles. It's important to stay positive and reach out to teachers and friends when you encounter difficulties. Challenges and obstacles may seem overwhelming and insurmountable at times, but do keep in mind that they will look so small in hindsight.

Moving halfway across the world from HK to the "land down under" is no doubt one of the biggest steps I took in my life. Leaving behind everything that was familiar to me and starting a new chapter here in Australia was both exciting and terrifying. In the beginning, I had to adapt to a new culture, new way of learning, and new social norms. The homesickness was real, and the feeling of being out of place was constant. However, as time went by, I began to adjust to my new "home" and started to enjoy the journey.

Sometimes I would look back on my time in SMC, which made me realize that I had taken most of my secondary school life for granted. I realized how important it was to appreciate everything we have because we never know when it will be gone. The support of my family, friends, and teachers back in HK is the most significant thing driving me forward, and I'm glad to have them by my side regardless of where I am.

The one piece of advice I would give is to value every moment of your secondary school life from now up until the start of university. Exams come and go, but the memories you create will stay by your side forever. All the best to current and future DSE-takers!

I studied at St Margaret's from 2006 to 2015. I then went to the UK to complete my GCSEs and A-levels in a small state school in Twickenham, southwest London. There, I practised different skills, such as public speaking, through my role as head girl. But most importantly, I discovered my love for biology.

Studying biology at Durham University was probably the best decision I ever made. I met so many brilliant friends that cheered for me whenever I accomplished anything, big or small; but also loved and supported me through my lowest, when my parents both passed away due to COVID-19 in 2020.

The internships I took during my university study were experiences that made me want to be a scientist. I was involved with 2 brilliant laboratories - one based in Durham that studies insect olfaction and neurology, the other based at the Francis Crick Institute/UCL in London that focuses on lung cancer research.

I've recently started my PhD in Oncology research at the UCL Cancer Institute. I am incredibly chuffed to be able to do this straight from a bachelor's degree. Through analysing genetic sequencing data, I will be investigating how cancer cells evade our immune systems. The research outcomes can hopefully help improve current means of cancer detection and treatment.

When I'm not knee-deep in research papers and code, I try to write. I found solace in expressing my feelings through words, especially poetry. I've written many articles of various genres for the Durham student newspaper and magazines. As a STEM student, I never thought that I'd ever find an outlet through creative writing, but the people I met at Durham showed me how easy and important it is to shatter these norms and stereotypes.

I am thoroughly enjoying my time at UCL and am really excited to see what the future holds!

As a through-train school, SMCESPS helped me grow in my God-given talents and gifts, this includes I.T., sports, and music. I received all-round education here and it equipped me for the challenges I faced in life. I moved to Canada after S2 but it did not take me long to adjust to the new environment even I was only 14 years old. The rich English environment at SMCESPS had made me a confident and proficient English speaker. In fact, I went directly into Grade 10 and skipped Grade 9.

As I finished Grade 11, I was offered the option to live at a university dormitory for my Grade 12 year. I was quick to accept this offer, hoping for more freedom. Little did I know that it was this opportunity that brought me closer to Jesus Christ.

Students at Kingswood University showed me the love of Jesus Christ that I had never received before. Experiencing Jesus' love for me radically transformed the way I viewed and lived life. As a result, I am now a follower of Christ, dedicating the rest of my life to work for the Kingdom of God, living out my calling to love God and serve everybody else around me with unconditional love and forgiveness.

Thanks to the learning opportunities at St. Margaret's, I discovered my ability in languages. After graduating from St. Margaret's, I pursued further studies in languages and obtained a Bachelor of Arts in German and French and a minor in translation with first class honours from the University of Hong Kong.

After my undergraduate studies, I pursued studies in Juris Doctor and PCLL from the Chinese University of Hong Kong in 2021 and 2022 respectively.

The journey to becoming a barrister has been challenging, but with the support and encouragement from my family, friends, teachers and pupil masters, I have persevered and successfully overcome the hurdles. Witnessed by our dear principal, Ms. Lee, I was admitted as a Barrister of the High Court of HKSAR in April 2023.

As an alumnus, my advice for my fellow schoolmates is "dare to dream". Identify your interests and go after your dreams. Dreams will remain as dreams, unless you turn them into reality by hard work and determination. Life is full of challenges and achieving your goals may be difficult, but the sky is the limit. Keep trying and leave no regrets.

The 15th English Radio Drama Competition

Both our primary and secondary students impressed the judges of the competition with their wildest imagination and impassioned voices, and competed in the Live Finals in the Hong Kong Polytechnic University on 10 June 2023. Amongst over 500 teams from more than 200 schools in Hong Kong and Macau, our primary team brought home the Silver Award and our secondary team was awarded the Merit Award.

The HKFYG English Public Speaking Contest 2023

The HKFYG English Public Speaking Contest is one of the largest and most iconic public speaking competitions in Hong Kong that attracts local and international school participants. This year, there were over 2000 public speaking enthusiasts competing fiercely for a prestigious appearance in the Grand Finals held on 29 April 2023.

S4C Giuliana Del Mundo, a novice public speaker, defeated hundreds of participants in the Kowloon West District and took the stage of the Grand Finals as the representative of the district, and delivered a motivating speech on the United Nation's sustainable development goals. She brought home the 2nd Runner-up trophy in the Grand Finals and came out on top in the Kowloon West District Finals.

Our school achieves outstanding results in English verse speaking at this year's Hong Kong Schools English Speech Festival. With 105 top three awards, we have emerged as a school that reaps the greatest number of awards.

本校於本屆香港學校英語朗誦節表現突出，榮獲冠亞季軍獎項共 105 個，乃全港之冠。

Our unique English Curriculum aimed at nurturing English high-flyers has paid off.

本校為培育英語精英而設之獨有課程成效斐然。

Our students have once again made their mark at the Hong Kong Schools English Speech Festival. Amongst the 105 top three awards, we brought home 36 Champion pennants, 34 second place and 35 third place. Thanks to the concerted effort of the English teachers for training and preparing our students, our school continues to be renowned for our excellence in the competition. We truly appreciate the time and effort the teachers spent on nurturing our students to be confident and sophisticated English speakers.

我校的學生再次在香港學校英語朗誦節中取得優異的成績。在105個前三名獎項中，我校共獲得36個冠軍、34個亞軍和35個季軍。感謝英語老師的群策群力，他們不遺餘力地訓練學生，使我校在英語朗誦節中繼續獲得卓越的成績。感謝老師們花費無盡的時間和努力，培育我校的學生成為自信、能力兼備的英語朗誦者。

The 27th Inter-class English Drama Competition

The 27th Inter-class English Drama Competition was successfully held on 8 May 2023. With the guidance of their teachers, students went through processes including scripts writing, rehearsing, preparing props and costumes, as well as designing technical effects. All S1 to S4 classes put on a great show and enjoyed their fellow schoolmates' performances. It was truly a valuable experience for our students to not only experience an immersive English learning activity, but also to create precious memories with their beloved classmates!

中國語文科

本校中國語文科一直主張學以致用，並鼓勵學生參與多種不同類型的語文活動、比賽，讓他們無論在讀、寫、聽、說、中國文化等多方面均有所裨益。而在校方的鼎力支持、老師的悉心教導、學生的積極參與之下，學生在各比賽中均能盡展所學，榮獲佳績。

Triumphant Trio: A Testament to Our School's Language Prowess - Celebrating Secondary Three Students' Global Success in PASCH German Summer Camp Scholarships

We are overjoyed to announce the phenomenal success of our extraordinary trio: three dedicated Secondary Three German students of Chinese background made our school proud by securing three out of the six coveted PASCH Summer Camp Scholarships available in Hong Kong for 2023. These scholarships will grant S3B Wong Viola and Yip Hoi Ching, who began their German language journey in Secondary 1, along with S3C Ho Ka Yat, who has been passionately pursuing German since Primary 1, an invaluable opportunity to embark on a life-changing adventure to Hinterzarten, Baden-Württemberg, Germany, from 6 August to 26 August 2023.

Excelling in a worldwide competition, they showcased our school's strength in providing unique and exceptional language learning experiences. This joyous occasion not only celebrates their outstanding accomplishments but also serves as a testament to our school's unwavering commitment to nurturing global language enthusiasts and fostering unparalleled academic excellence. During their transformative three-week journey, our students will have the opportunity to further refine their language skills and forge lasting connections with German learners from around the world. Join us in celebrating their success, and let their achievements be a source of inspiration and pride for our entire school community.

Mathematics Sharing
Using Inquiry approach and Exploratory activities to enhance students' learning experience

With the support from the Curriculum Support Division, EDB, our S.3 teachers developed learning and teaching materials and conducted a series of lessons to introduce the concepts of mathematical modelling through the spread of COVID-19 as an example.

What is Mathematics Modelling?

Mathematical modelling refers to using mathematical concepts and language to describe a real-world situation, to test ideas and make estimation about the situation by mathematical computation and analysis.

Learning and Teaching Strategies:

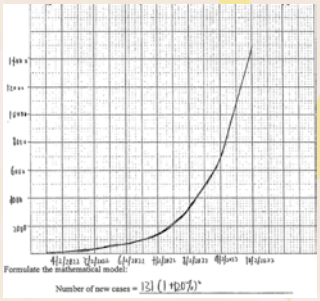

1. **Pre-lesson reading** on the mathematical modelling and the mathematical concept behind the spreading of COVID-19.

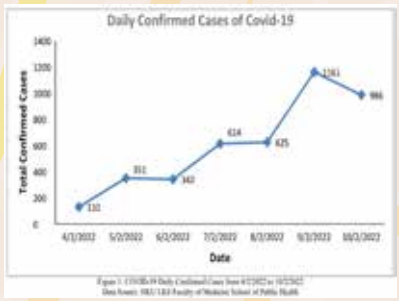

2. **Inquiry learning activities and discussion**
   It will then follow up by some discussion on the effective reproductive numbers Rt of the virus. Students got to explain the meaning of Rt in 3 cases.

3. **Construct a mathematical model for the COVID-19**
   The growth rate concept in percentages facilitated the estimation of the number of new cases. Students can then generalize the pattern to calculate the number of newly infected cases after n generation of spread.

4. **Comparison of the student's model with the authentic data from 4 Feb to 10 Feb 2022**
   With the assumed factors, students were able to plot the graphs that is exponential, while the number of cases will never drop. Then it will be used to compare with the graph of authentic data and explain the difference observed.

Dialogue with Women Chief Executives 2023

Our S4 and S5 BAFS students were invited to join the Dialogue with Women Chief Executives 2023. The event was jointly organized by CUHK Business School and over 30 financial institutions, including Barclays Corporate & Investment Bank, Hang Seng Bank, J.P. Morgan, Mastercard, etc. This was an eye-opening opportunity for students to expose themselves to the real business world and learn directly from seasoned business leaders.

本校中四、中五學生被邀請參加由中大商學院和三十多間金融機構如巴克萊投資銀行、恒生銀行、摩根大通、萬事達卡等合辦的女行政總裁座談會，這次活動擴闊了他們在商界的視野，令他們從商界領袖身上獲益良多。

Our students mingled with Managing Director, CEO, HK and Head of Strategy of JP Morgan Asia Pacific, JP Morgan Chase & Co and Executive Director, CEO of Hang Seng Bank.

我校學生有幸在座談會前與來自摩根大通集團、恒生銀行等金融機構的女行政總裁互動交流。

CUHK Business Lecture series – Stock Trading as an Investment

We are pleased to have invited Dr Edwin Mok, lecturer and the Co-director, Quantitative Finance Programme at the Chinese University of Hong Kong Business School to deliver an interactive and informative session to our S5 BAFS and Economics students about stock trading.

我們很高興邀請到香港中文大學商學院的講師莫家明博士，為我們中五就讀商科的學生提供一場既互動又富有啟發性的股票交易課程。

The 12th Little Financial Secretary Programme

S4A Ng Sin Ying, So Ho Wan, S4B Cheuk Lo were nominated to participate in the "Little Financial Secretary programme" where our students had the opportunity to meet with the financial secretary Mr Paul Chan and learned different financial-related knowledge throughout the process. They created two activities (a little workshop and a self-designed game) to promote financial literacy to their fellow schoolmates.

本校三名中四學生獲選參與「第十二屆少年財政司司長計劃」。學生能有幸與現任財政司司長陳司長會面，並在過程中學會了各種理財有關的知識及能力。與此同時，他們亦設計了一個簡單的桌上遊戲及舉辦了工作坊以向同學推廣理財素養。

Youth Exchange Tour to Seoul 2023

S4B Fan Hoi Ti, S5B Chan Ngo Yin Jasmine were selected by Sham Shui Po District Office and Shum Shui Po Youth Corps to join a 5-day Youth Exchange Tour to Seoul, where they were given the opportunity to visit Korean schools, and local attactions to learn more about Korean culture and technology development.

兩位學生入選參加由深水埗民政事務署和深青躍動舉辦的韓國首爾交流團，有機會了解韓國文化及創新科技的發展。

I'm so grateful for this opportunity as this is the very first time I have been to Korea and the first trip after 3 years of the pandemic. I experienced a lot, learnt a lot and met a lot of new friends throughout this trip. It was an amazing exchange tour to join.

Our Dancing Teams Create Wonders, winning home 5 Honours Awards

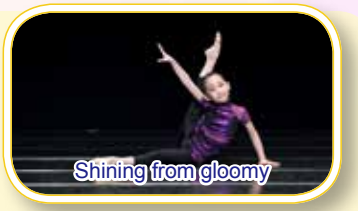

With spectacular performance, our Dancing Teams won 5 "Honours Awards" at this year's Hong Kong Schools Dance Festival. Our school has continuously sustained its standing as one of the best-performing schools in dance competitions.

"Let's Go! 啟程吧！" from the Lower Primary Dance Team, "My New Pair of Shoes 穿新鞋" from the Upper Primary Dance Team and "The Joy of Embroidery 繡" from the Secondary Team 1, were awarded Honours Awards in this year's competition amongst 588 schools and 1597 teams in Hong Kong.

For the categories of Chinese Dance, our secondary girls were all crowned Honours Awards. The trio dances were "Our Secret Playground 嬉" by S1G2 Natalia Hui, S2G4 Chloe Chang and S4B Hailey Chang and "The Pace of Spring 春天的步伐" by S3B Charis Leong, S4A Iris Lee and S4A Sara Ng. Our Primary and Secondary group dances, "Harmony of Wings and Petals 花傘蝶扇" and "The Autumn Moon 秋月" won the Highly Commended Awards in their sections respectively. P3G1 Hayselee Ho obtained the Highly Commended Award in the Contemporary Dance of Primary Section (Solo).

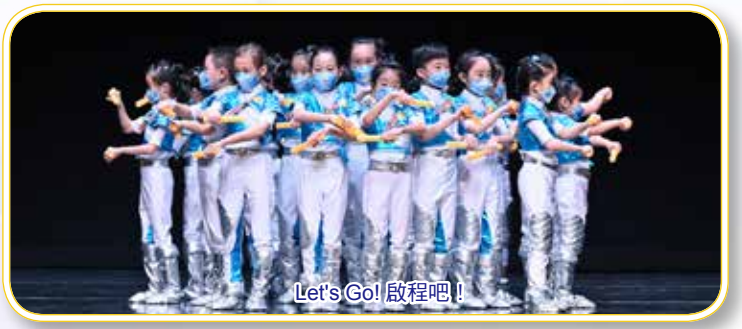

We obtained a total of five Honours Awards and three Highly Commended Awards. On top of the above achievements, our Dance Teacher Ms. Lam obtained the "Choreography Award" from the Lower Primary Dance Team "Let's Go!"

The remarkable achievement is undoubtedly the result of our dedication in aesthetic development. We are very grateful for the honour we have received from the professional judges and are proud to have such excellent results!

Hong Kong School Drama Festival

Our school participated in three categories of the Hong Kong School Drama Festival this year - Secondary English, Secondary Putonghua, and Primary English. Our Primary English team won the Adjudicator's Award once again and was invited to perform publicly at Sheung Wan Cultural Centre on 28 April 2023.

Joint School Music Competition 2022

Our school's musical talents have made us proud once again by receiving top honours in the Joint School Music Competition 2022. The competition was a showcase of talent and dedication, and our school's choir and orchestra members demonstrated their excellence by taking home the gold and silver awards.

Our primary choir and secondary choir, which performed the songs "Whisper!" and "Lightning" respectively, received the Gold Award. That is the highest honour of the competition. This is a remarkable achievement for our young singers, who have shown an impressive level of commitment, discipline, and talent. Their hard work has paid off, and we are thrilled to see them recognized for their outstanding performances.

School Orchestra

Our school's orchestra, which performed the Theme Song of Doraemon, received the Silver Award, which is a testament to the professionalism and skill of our orchestra members. They have put in countless hours of practice and dedication to their performances, and their achievement in the competition reflects their commitment to excellence.

Visual Art Competition

Several students from our school participated in different art competitions and achieved remarkable success. Aisling Colloton, a P6B student, won the Champion in the Chinese Painting Competition 第四屆「蘇韻流芳」青少年國畫比賽高小組獲得冠軍. This competition had participants from all over Hong Kong, and Aisling's artwork received high praise from the judges. Her talent and hard work paid off, and she proved herself to be an exceptional artist.

Leung Ming Yan, a P4G2 student, secured the 1st Runner-up title in the "My Australian Christmas Card Competition 2022". This competition was organized by the Australian Consulate-General Hong Kong and Macau, and it received a large number of entries from different schools in Hong Kong. Leung's artwork stood out, and her efforts were recognized by the judges.

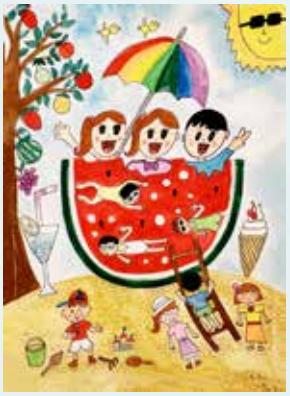

Wong Tin Yan, an S2G1 student, received the Commendable Award in the "We Learn. We Draw" Drawing Competition organized by EDB. This competition aims to encourage students to express their creativity and imagination through drawing. Tin Yan's artwork was highly creative and original, and it earned her the commendable award.

Wai Sze Yin, an S3C student, won the Grantham Visual Arts Awards. Her artwork was displayed in Hong Kong City Hall, which is a significant achievement. This competition recognizes the talent and hard work of young artists and provides them with a platform to showcase their skills to a wider audience.

Apart from the above-mentioned achievements, several other students from our school also participated in different art competitions and won recognition for their artwork. P4G1 Kwong Nathan won the Second Class Award in the Xu Beihong Cup International Arts Competition for Youth & Children 2022 and the Merit Award in The 43rd International Children Drawing Contest, organized by the International Children Art Festival 2022. P3G2 Chu Ying Yuet won the Silver Award in "The 3rd Hong Kong Bauhinia Cup International Painting Competition" and the Creative Award in the "The 5th Hong Kong Bauhinia Cup International Painting Competition". P3G1 Ho Sin Tung Hayslee won the Bronze Award in the "Autumn In The City Photography Contest".P2G2 Era Katniss Lillian won the Gold Award in the "11th World Children Art Awards 2022" and the Silver Award in the "Enjoy Children's Painting Competition". P2G1 Ng Wayne Wai Ying got Silver Award in the "2022 Happy Moment Drawing Competition" and Merit Award in "國際兒童及青少年繪畫大賽2022" .

Music Contest 2023 by Arts Education Society

The Music Contest 2023, organized by the Arts Education Society, was held on 13 January. The event was a great success, with many talented students showcasing their musical abilities. We would like to congratulate S3C Sun Priscilla Grace Dela Fuente for winning the championship in the solo competition. The Inter-class Music Competition was the most exciting event with S1G2 and S4C winning the Champion in the junior and senior categories respectively. We are very proud of all the participants and wish them continued success in their musical pursuits.

Elderly Visit

Elderly Home Visits were co-organized by the Values Education Department and the School Social Worker for S1 and S2 students in December 2022 and January 2023 respectively. Students prepared the gifts for the elderly before visiting them. They learnt how to communicate with the elderly people and show their love and care towards the needy.

價值教育科及駐校社工為中一及中二同學合辦探訪獨居長者活動，學生學會如何跟長者溝通和向他們展示愛與關懷。

Chow Pak Lok's Reflection on "LEADERS in Action - Fly Over the Rainbow Programme"

Dear fellow schoolmates, I am Ryan from S5B. Today I am going to share with you my experience on the Leaders in Action camp. Due to the pandemic, we all missed the previous camps. As a Secondary Five student, this is the last camp of my secondary school life. Fortunately, thanks to the support of the school and Miss Tam, we had the chance to enjoy the camp.

At the campsite, we got to experience the sky rope and mini bungee jump. We had to work together as a pair to pass through obstacles and avoid falling. Although it looked easy on the ground, I could hardly move once I got to that height. We had a lot of fun and strengthened our bonds through the process.

On the second day, we did some ice-breaking games at school. We had to run around the whole school to finish some challenges, one of them was to dance for 3 minutes. The camp truly was a memorable experience. I was so glad that I had the opportunity to take part in the camp and learn about the true meaning of leadership.

"The Power of Love" Christmas Charity Show

"The Power of Love", our splendid Christmas Charity Show was magnificently held on 19 December 2022 at the School's Assembly Hall. We were so blessed that lots of guests, parents, teachers and students came and enjoyed the show. It was our great joy and prestige to have Rev. Dominic Vu Van Phu, Assistant Parish Priest of St. Teresa's Church and Ms. Ho Shin Yee, Principal of Arts & Technology Education Centre, Education Bureau to be the Guests of Honour in the event.

Our student representative was so proud and delighted to present the donation cheque to the Little Sisters of the Poor, St. Mary's Home and St. Joseph's Home. The total fund raised for the Little Sisters of the Poor and St. Margaret's Educational Organization Ltd. was HK$560,091.20.

"The Power of Love" was a showcase of our students' talents. The programmes included singing, dancing and playing of different musical instruments. The highlight of the show was when our teachers, Ms. Wong Lok Yee Nikki and Mr. Papa Marcus Nathaniel Mendoza presented the mystery programme. Their singing performance was absolutely amazing! Finally, the joyous and exciting atmosphere was brought to the grand finale. The whole venue was filled with happiness, laughter and LOVE. What a powerful and fabulous show!

Graduation Ceremony 2023

Our Graduation Ceremony 2023 was held on Saturday, 27 May at our School's Assembly Hall. It was a heartwarming moment for all the parents and our staff to see our graduates step out in their graduation gowns, looking like grown-ups. We were honoured to have Mr. John Tsang Chun-wah, founder of Esperanza, join us as our distinguished Guest of Honour, and Rev. Dominic Chan Chi-ming, Parish Priest of the Catholic Cathedral of the Immaculate Conception, officiated the Candle Lighting Ceremony. During his inspiring speech, Mr. Tsang emphasized the importance of innovative learning and provided guidance to the graduates for their future endeavors. A heartfelt congratulation to each of our beloved graduates! Our school wishes you every success as you embark on this new chapter of your life.

A Day of Discovery: Cross-Curricular Activity Day Unites Students and Sparks New Passions

On 3 April 2023, our school successfully organized a cross-curricular activity day for P1 to S5 students. With a total of 18 exciting outings and activities, the day was full of excitement and discovery.

We look forward to more engaging, inspiring, and educational adventures in the future!

Career Life Planning

JAHK Company Program

Our S4 students set up a student company, Volana, under the guidance of business advisors provided by Junior Achievement Hong Kong.

This year, we can have a real-life pop-up market in the K11 Art Mall. Over the course of half a year, I led my team of 26 Secondary 4 students to start our own company where we design and sell our original multi-purpose calendar. In the process, we conducted weekly meetings where we brainstormed various design concepts, marketing plans, and product launch strategies. This unique hands-on experience helped us gain valuable business knowledge and also improved our communication and decision-making abilities.

S4C Kwan Lauren Michelle, CEO of Volana

Job Shadowing

With the immense support from parents and teachers, we are able to resume the Job Shadowing Programme for our S4 to S5 students this year. Through these real workplace experiences across different career fields and industries, students can find their aspirations and build a positive work ethic.

100 Women in Finance First Impressions Dinner

We are honored to be one of the only two schools invited to the inaugural dinner event hosted by '100 Women in Finance', an international organization aimed at strengthening the global finance industry by empowering women to achieve their professional potential. Four S6 students attended the dinner and they engaged in professional dialogues and interacted with female executives from leading global financial institutions such as Goldman Sachs, AIA, J.P. Morgan, Credit Suisse, BlackRock KPMG and more.

Student Development

In the Primary section, a Poster Design Competition (P1-P4) and a 4-Panel Comic Design Competition (P5-P6) with the topic " Spread the Seed of Respect" were carried out during the second term. The participation rate was high and the feedback was excellent. The awarded masterpieces are displayed on the SD Board. The "Garden of Respect" and "Chapter of Respect" were followed up in May to conclude and consolidate the value of respect. In addition, book sharing with contents related to respect was completed in February to arouse students' interest in reading as well as conveying the relevant messages.

今年學生發展委員會之主題是「尊重他人」，學校為了提高學生對該主題的認知和理解，舉辦了不同的比賽和活動，藉此鞏固學生「尊重他人」的理念。 而透過「尊重約章」，希望學生學會身體力行，尊重他人。

Besides, to nurture positive values and to enhance interpersonal relationships, the Student Development Committee, together with the school social workers, co-organized the "Cheer You Up" Project. Secondary students were encouraged to express their care and appreciation among each other by writing note of compliment to their fellow schoolmates. Besides, ice cream truck and a booth of positive psychology was arranged in order to spread joy and amusement on campus.

此外，為了培育學生的正面價值觀及增進他們的人際關係，學生發展委員會和學校社工合辦「Cheer You Up」計劃。

Education Bureau Enhanced Smart Teen Project

28 S3 students participated in the EDB Enhanced Smart Teen Project this year. They joined the Smart Teen Training Camp in January and learnt about discipline, teamwork and cooperation. After the camp, they shared their valuable experiences with their schoolmates in the weekly assembly. On that day, it was our honour to invite the EDB Officer and eight Training Officers from the Fire Services Department to attend the sharing session. Furthermore, the Student Development Committee and the school social worker co-organized an Elderly Home Visit in Sham Shui Po Community during the post-examination period. Our Smart Teen Students learnt a lot from these activities.

今年共有28位中三學生參加由教育局及消防處合辦的多元智能躍進計劃，而營後活動有週會分享及探訪獨居長者等，學生們都獲益良多。

Ms. Tam Hong Ni, Mr. Kwan Tsz Fung, S3A Lam Wun Yung, S3B Leung Sze Nga and S3C Lee Chin Ho were nominated for obtaining the awards given by the EDB in the Celebration of Success for the Enhanced Smart Teen Project 2022-2023 in July.

譚康妮老師、關梓烽老師、S3A林渙蓉，S3B梁思雅及S3C李展灝於「多元智能躍進計劃」嘉許禮中獲獎。
